PROFILE

I am a passionate MERN Stack Developer skilled in MongoDB, Express, React, and Node.js, dedicated to building responsive, user-friendly, and efficient web applications with clean design and strong backend functionality. Committed to continuous learning and contributing to impactful, innovative projects.

EDUCATION

Sage University, Indore*, India*

Bachelor of Engineering in Computer Science and Engineering - **CGPA: 7.52** 2022–2026

The Asian Public School, Indore, India

MPBSE (Class XII), Aggregate: 67.6% 2021-2022

New South Wales Public H.S. School, Indore, India

MPBSE (Class X), Aggregate: 73.6% 2019-2020

SKILLS

Technical Skills: Java, JavaScript, HTML, CSS, React.js, Node.js, Express.js, MongoDB, MySQL

Soft Skills: Communication, Time Management, Collaboration, Teamwork, Adaptability

CERTIFICATIONS

- Web Development AI Tools – Debugshala (January 2025)
- Web Development – SAGE Winter School (February 2025)
- Nodejs beasts restful API – Devtown (August 2025)
- Full Stack Development – Coding Blocks (August 2025)

EXPERIENCE

Coding Blocks

Full Stack Development Aug 2025 – Sept 2025

- Completed a 1.5-month inhouse internship focused on web development.
- Worked on building and deploying responsive web application using HTML, CSS, JavaScript.
- Gained hands-on experience in backend development, REST APIs.

PROJECTS

Wanderlust – MERN Stack

- Developed Wanderlust a full-stack travel application using the MERN stack to explore, add and review destinations.
- Integrated user authentication, RESTful APIs, and dynamic routing for smooth functionality.

Weather-app

- Developed a responsive weather application using HTML, CSS and JavaScript with real-time API integration.
- Enabling users to view accurate weather updates, forecasts, and dynamic UI changes based on location data.

ACHIEVEMENTS

- Successfully completed the Full Stack Development Summer Training conducted by Coding Blocks.
